

COSHH TRAINING COURSE

CONTROL OF SUBSTANCES HAZARDOUS TO HEALTH (COSHH) TRAINING

Under the Control of Substances Hazardous to Health (COSHH) Regulations 2002, regulation 12 states that 'every employer who undertakes work which is liable to expose an employee to a substance hazardous to health shall provide that employee with suitable and sufficient information, instruction and training.

This COSHH training course is designed to give workers knowledge of the health risks surrounding work with hazardous substances, including how to undertake a COSHH assessment by identifying the risks and the control measures needed, and ensure that they understand how to work safely with hazardous substances.

WHO SHOULD TAKE THIS COSHH TRAINING COURSE?

This COSHH training course provides suitable training for all levels of employees who work, or may come into contact with, hazardous substances in the workplace. All employees must have the necessary knowledge to be competent and do the job properly.

This includes, but is not limited to, people who work in professions such as:

- Catering and baking
- Cleaning
- Beauty and hairdressing
- Engineering
- Vehicle repair and painting
- Welding
- Offshore oil and gas
- Printing
- Woodworking
- Agriculture
- Shipping
